

System overview

Bare protective conductor terminals DIN 35

Various bare protective conductor branch terminals.

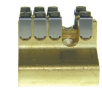

Components

	<b>30373 - Protective conductor terminal DIN35 16mm² 50x8x36mm blank</b> Protective conductor terminal DIN35 16mm² 50x8x36mm blank stainless steel screws and springs	
	<b>30372 - Protective conductor terminal DIN35 6mm² blank</b> null	
	<b>3435 - Protective conductor terminal DIN35 4mm² blank</b> null	
	<b>3437 - Protective conductor terminal DIN35 16mm² 48x11x46.5mm blank</b> Protective conductor terminal DIN35 16mm² 48x11x46.5mm blank stainless steel screws and springs	
	<b>30371 - Protective conductor terminal DIN35 4mm² blank</b> Protective conductor terminal Stainless steel screws and springs	
	<b>3436 - Protective conductor terminal DIN35 6mm² blank</b> with 2 connection points, for stringent demands	
	<b>3436/10 - Protective conductor terminal DIN35 10mm² blank</b> null	
	<b>3438 - Protective conductor terminal DIN35 35mm² blank</b> Protective conductor terminal with 2 connection points stainless steel screws and springs	

System overview

Bare protective conductor terminals DIN 35

	<p><b>3434 - Protective conductor terminal DIN35 25/6mm² 63.5x48x33.5mm</b></p> <p>Protective conductor terminal DIN35 25/6mm² 63.5x48x33.5mm blank with 1 main terminal 25 mm² and 16 secondary terminals 6 mm². Stainless steel screws and springs</p>	
	<p><b>30550/70 - Protective conductor terminal DIN35 70mm² blank</b></p> <p>Protective conductor terminal Stainless steel screws and springs</p>	
	<p><b>3433 - Protective conductor terminal DIN35 25/6mm² 37x48x33.5 mm blank</b></p> <p>Protective conductor terminal DIN35 25/6mm² 37x48x33.5 mm blank with 1 main connection up to 25 mm² and 8 secondary connections up to 6 mm². stainless steel screws and springs</p>
