

System overview

Bare protective conductor branch terminals DIN35

Various bare protective conductor branch terminals DIN35.

Components

	<p>30382 - Protective conductor branch terminals 10mm² blank</p> <p>Protective conductor terminals stainless steel screws and springs. Dimension: 50x11x26.5 mm.</p>	
	<p>30384 - Protective conductor branch terminals 35mm² 50x16x34.8 mm</p> <p>Protective conductor branch terminals 35mm² 50x16x34.8 mm bare. Stainless steel screws and springs</p>	
	<p>30383 - Protective conductor branch terminals 16mm² blank 50x13x31.5</p> <p>Protective conductor terminals stainless steel screws and springs. 50x13x31.5 mm</p>	
	<p>30381 - Protective conductor branch terminals 6mm² blank</p> <p>Bare ground terminal screws and stainless steel springs.</p>	
	<p>30181 - Protective conductor branch terminals 70mm² blank</p> <p>Protective conductor branch terminals 70mm² bare stainless steel screws and springs</p>	
	<p>30182 - Protective conductor branch terminals 120mm² 88x29x70mm</p> <p>Protective conductor branch terminals, 120mm², 88x29x70mm, blank, stainless steel screws and springs</p>	
	<p>30380 - Bare earthing terminal 2.5mm²</p> <p>null</p>
