

Product data sheet

4383A/3M - Aluminum alloy profile rail C30 3 m

Profile rail C30 with 32x18x3 mm made of aluminum alloy, with a length of 3 m.

Characteristics	
Eldas number	168018439
Base Unit	Meter
availability	Delivery in 4 weeks
EAN Code	7611718247866
group	171000
Packaging unit	3
country of origin	CH
Customs tariff number	7604.2900
Weight (g)	570 g

## Product data sheet

### Product systems

---

#### Profile rails C20 and C30

Various profile rails C20/C30 made of aluminum and steel VA2, against calculation of a cutting surcharge the profile rails can be delivered in any desired length. For embedding in concrete, the profile rails are available, also against calculation, with fixing holes or with slings.

#### Cable clamps for insertion in profile rails

- made of impact-resistant Duroplast, black
- for insertion in profile rails no. 4382 and 4383
- with threaded bolt made of galvanized steel
- with welded slot nut
- handling like quick fit

#### Sliding blocks made of galvanized steel type C30

available in three versions:

- with screw, with spring
- without screw, with spring
- without screw, without spring
- Fits profile rails no. 4382, 4383 and 80291, type C30
