

System overview

Bare protective conductor branch terminals DIN32

Various bare protective conductor branch terminals DIN32.

Components

	<p>30852 - Protective conductor branch terminals DIN32 10mm² blank</p> <p>Protective conductor terminals stainless steel screws and springs. Dimension: 24x11x21.5 mm.</p>	
	<p>3735 - Protective conductor branch terminals DIN32 120mm² 56x29x50mm</p> <p>Protective conductor branch terminals, DIN32, 120mm², 56x29x50mm, blank, stainless steel screws and springs</p>	
	<p>30854 - Protective conductor branch terminals DIN32 35mm² 34x17x30mm</p> <p>Protective conductor branch terminals DIN32 35mm² 34x17x30mm blank. Stainless steel screws and springs.</p>	
	<p>30851 - Bare earthing terminal 6mm²</p> <p>Protective conductor terminals Stainless steel screws and springs</p>	
	<p>30853 - Protective conductor branch terminals DIN32 16mm² blank</p> <p>Protective conductor terminals stainless steel screws and springs. 27x13x26 mm.</p>	
	<p>3734 - Protective conductor branch terminals DIN32 70mm² blank</p> <p>Protective conductor branch terminals DIN32 70mm² blank stainless steel screws and springs</p>
